

*Creating a stylish  
bathroom suitable for  
the whole family*

At Trojan we have always been dedicated to creating high quality baths that have been carefully designed to suit different bathroom styles and spaces. With over four decades in the industry, we understand not everyone wants the same thing from their bathroom.

No matter what the size of your bathroom, we aim to give you a space that is designed to provide you and your family with everyday essentials that make your bathroom truly beautiful.

To find out more about our range of bathroom solutions, visit our website or contact the team today.

**TROJAN**

## *Shower Baths*

Designed to give complete flexibility between showering and bathing, our range of shower baths is a combined solution for a bathroom. Available in a range of sizes and designs, there is a shower bath for you and your family.

## *Slate Effect Shower Trays*

They are sleek in design; the new shower trays create a stylish bathroom space that is still practical for the family and doesn't break the bank.

## *Inset Baths*

Designed to be built-in or tiled around, our range of Inset baths are sure to create a focal point in any bathroom. An inset bath can provide you with everything you need in your family bathroom.
